

Highway Maintenance Workers,

EMCON SERVICES INC., a progressive Road & Bridge Maintenance Contractor in BC, Alberta and Ontario, is looking for a confident winter equipment operator in several locations. These are seasonal union (AUPE) positions.

Our teams perform a large variety of road maintenance related tasks such as installing, repairing and maintaining signs, guiderails, fences, ditches, culverts, but the primary function for the winter season is driving plow trucks.

Qualifications include:

- Valid AB Driver's Licence (minimum Class 3/ air)
- Class 1 preferred.
- 24/7 on call in winter season
- Pre-employment drug screening

Qualified applicants are invited to submit résumés, along with photocopy of driver's licence and an up-to-date driver's abstract:
