Order of Benefit Payment: If you or your spouse is covered for similar benefits under another Plan, this information will be taken into account when determining the amount of expenses payable under this Program. This process is known as **Co-ordination of Benefits**. It allows for reimbursement of covered extended healthcare expenses from all Plans, up to a total of 100% of the actual expense incurred.

A variety of circumstances will affect which Plan is considered as the "*Primary Carrier*" (i.e., responsible for making the *initial payment* toward the eligible expense), and which Plan is considered as the "*Secondary Carrier*" (i.e., responsible for making the payment to cover the remaining eligible expense.

For Claims incurred by you or your dependent spouse:

The Plan covering you or your dependent spouse as an **employee/member** is considered the *Primary Carrier* and pays benefits first. The Plan covering you or your spouse as a **dependent** is considered the *Secondary Carrier* and pays the balance of the eligible expense.

For Claims incurred by your dependent child:

The Plan covering the parent whose birthday (month/day) is earlier in the calendar year pays benefits first.
